Sir,

Sub: Environment & Conservation – Awareness in Melagiri Schools –  
Programme Report - Regarding.

Ref: Programme Report of Kenneth Anderson Nature Society.

\* \* \*

The programme report prepared by the Kenneth Anderson Nature Society have been perused. The activity such as creating awareness regarding conservation of Flora and Fauna among school children in forest fringe villages was appreciated very much. This is also one of the important measure for conserving the flora and fauna with the help of school children. This will also ensure the conservation activity, and mitigating Human Elephant Conflict in a long term.

Yours faithfully,

13/4/15

Conservator of Forests,  
Dharmapuri Circle.
